Friday 24th March 2023

Dear Parents and Carers,

As part of our celebrations for the Coronation of King Charles III, we are setting an exciting home challenge. As you may be aware King Charles III is well renowned for his love of nature, plants and gardens. Therefore we would like the children to design their very own garden.

This garden could be based upon one from the many palaces and castles in Kent and the United Kingdom or it could be a garden your child would like to play in. The garden design can be created in any way you choose, this could be drawn, designed on a computer or a 3D shoebox model, for example. The garden could be large or small it could contain plants, trees, somewhere to play, a pond, the possibilities are endless.

Please can all garden designs be sent into school by Friday 28th April. Please hand them into your child's class teacher. Please put your child's class and name on the design.

The designs will be shared and celebrated with the children and staff during the week of the Coronation.

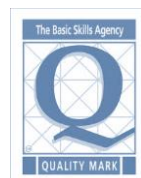

The designs will be included in a book (large designs or 3D designs will be photographed and placed in the book), with some other pieces of work to do with the Coronation and sent to His Majesty King Charles III.

Thank you for your support.

Yours Sincerely,

Mrs Boulton

Assistant Head
